** NOTE: The Conversation Circle will be facilitated. Starter questions based on key issues raised at the 2007 SHSP Peer Exchange will be available. There will be a circle with 6 - 8 seats for active discussants with side chairs for the other attendees to listen to the current conversation and then join in the circle as those who have spoken give up their seats. This concept allows all the CEOs to join the discussion eventually. Selected State DOT Directors will be asked to start each of the conversation topics.
