

**Conference Call for
NTPEP Concrete Curing Compounds
PROJECT PANEL
Tuesday, November 23, 2004 @ 1:30 pm**

Participants

Mike McGough (AASHTO)

Dave Iverson (MN)

Rick Kreider (KS)

Amy Hearon (AASHTO)

1) Project Dead lines

- a) **Request for products out to manufacturers (12/3/04)**
 - i) **Letter from AASHTO/NTPEP**
- b) **Submission Date – 2/11**
- c) **Sampling Deadlines – 4/15**
- d) **Tentative Reporting Date – Mid January**
 - i) **VOC test was not performed but manufacturers listed data will be included this year**

2) Review Minutes from Columbus, OH – Approved

3) New Business

- a) **Contracts for 2005**
- b) **Nonvolatile Content Test (ASTM D 1644, Method A) – Has been discontinued 1998. So we should revisit whether to continue to include this in the workplan**
- c) **The prospect of 2 testing cycles per year is a viable one. Submission dates would be in February and September with tentative reporting dates of August and December. This should be discussed further in Mystic at the annual meeting.**

4) Set Date for Next Conference Call

- a) **Early March 2005**
