

**Conference Call for  
NTPEP Temporary Traffic Control Devices (TTCD) and  
PCMS and Arrow Panels Project Panel -- Meeting on  
Wednesday, December 1, 2004 @ 10:30am (Eastern Time)**

**CONFIRMED ATTENDEES:**

Meredith McDiarmid (NC DOT), Presiding  
Dale Stokes (NC DOT)  
Michael McGough (AASHTO/NTPEP)

Danny Lane (TN DOT)  
Masha Wilson (NV DOT)  
Amy Hearon (AASHTO/NTPEP)

- 
- 1) Submissions
    - a) PCMS
      - i) Mike and Amy will put together an RFP and send out to industry and ATSSA tech committee chair, Jim Kalchbrenner for forwarding to the rest of industry.
    - b) TTCD
      - i) Mike will transmit submissions to Danny Lane by 12/10
  - 2) Workplan Revisions
    - a) PCMS
      - i) Meredith and Dale will make the changes and Mike will prepare the ballot before the next testing cycle.
    - b) TTCD – No revisions
  - 3) Testing
    - a) PCMS – We will proceed as planned for 2005 testing in February/March
    - b) TTCD – In the middle of Summer '04 / Winter '04
  - 4) Reporting
    - a) DataMine – Danny Lane would like to go back to '99 for archived data and will start the design in Access.
  - 5) Old Business
    - a) Photocell covering methods – different for each sign. Do we want to do luminance testing at all? There was no clear meaning in the results that were attained.
    - b) Luminance testing procedures – These will be removed from the balloted workplan.
  - 6) New Business
  - 7) Set Date for Next Conference Call for end of January early February.
