

# NEW! AASHTO Materials Standards 2022 Edition

AASHTO has released the *Standard Specifications for Transportation Materials and Methods of Sampling and Testing, and AASHTO Provisional Standards*, 42nd Edition, 2022, commonly referred to as the AASHTO “Materials Standards.”

Developed by the AASHTO Committee on Materials and Pavements, the Materials Standards contain specifications, test methods, and provisional standards used in the construction of highway facilities.

The 2022 edition of the Materials Standards contains a total of 589 standards and includes 3 new and 276 revised standards.

## PDF Download Available Now!

The PDF Download version is divided into three PDF files. Customers can purchase either a single-user license, or choose among several multi-user licenses—2-user, 3-user, 5-user, 10-user, or 25-user—which offer increasingly deeper price

discounts per user. Our PDF Downloads are fully searchable and include a fully linked table of contents, a summary of technical changes, a guide to revisions and history, a user-friendly bookmark structure, and the ability to add margin notes. Customers can also print any portion of the publication.

### Purchase the Complete 2022 AASHTO Materials Standards

To purchase the 2022 AASHTO Materials Standards, visit the AASHTO Store online at [store.transportation.org](http://store.transportation.org), and search by the publication item code: HM-42.

### Purchase Individual AASHTO Materials Standards

To purchase PDF Download copies of individual Materials Standards, visit the AASHTO Store online at [store.transportation.org](http://store.transportation.org), and enter the standard number in the search box at the top of the page.

A complete list of all individual Materials Standards is available at <http://downloads.transportation.org/HM-2022TableofContents.pdf>.
