

# AASHTO PE EXAM COLLECTION

**PREPARING FOR THE PE EXAM?** If so, you probably know that several AASHTO publications are included on the syllabus as preparation materials for the NCEES Professional Engineers (PE) exam.

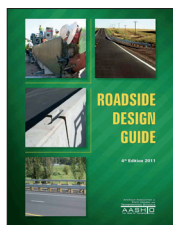

AASHTO Publications wants to make it easy for you to purchase the publications you need by providing you with the following three options:

- Option 1.** You may purchase the complete PE Exam Collection of seven publications, and save approximately 40%.
- Option 2.** If you do not need the entire collection, you may purchase the publications separately.
- Option 3.** If you are preparing for the Professional or Structural Engineers (PE/SE) exam, you may purchase the PE/SE Exam edition of the AASHTO LRFD Bridge Design Specifications.

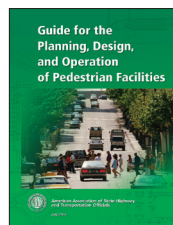

*\* Please note that these PE editions are to be used only as preparation materials for the PE and PE/SE exams and do not, necessarily, represent the most current AASHTO standards.*
